Continuing Professional Development

InsTech is accredited by The Chartered Insurance Institute (CII).

By attending an InsTech live event, you can claim up to 1.5 CPD hours towards the CII member CPD scheme.

Let us know you attended the event by emailing cpd@instech.co and if your organisation is a member of InsTech, you will receive a quarterly summary of the CPD hours you have earned.

For CPD purposes, the Learning Objectives for this event are:

- Outline how embedded insurance works
- Identify some examples of the latest embedded insurance products as well as the common design elements shared by those that are working well
- Summarise how microinsurance intersects with the Lloyd's market

Please take a minute to fill in this short [CPD feedback form](#) and let us know what you thought of this event.
